- How teachers submit papers

6. Professional records and coverage

- Review schemes of work
- Syllabus coverage
- CBC assessment

7. Approvals

- Approve staff leave
- Approve expenses
- Report a discipline incident

8. Getting help

- Where to get help

Getting started

Leaders sign in with their own account like everyone else. The administrator then assigns the duty under Settings → Roles & duties, and its pages appear in the menu the next time you open Skulbase. You only see a page if your school has switched its module on and your role or duty uses it. If something here is missing from your menu, ask your administrator.

1.1 Who this guide is for

The duties this guide covers, and what each one can do.

- Principal / Head teacher: every module page and approval. Setting up classes, users and settings stays with Admin accounts.
- Deputy Principal: calendar, papers, timetable, professional records, CBC and discipline; sees boarding and health; approves leave and expenses.
- Director of Studies (DOS): exams, the paper bank, the timetable, professional records and the academic calendar.
- Head of Department (HOD): moderates exam papers and reviews schemes of work and coverage.
- Timetabler: builds and publishes the timetable and arranges lesson cover.
- Exams Officer: runs the paper bank: printing, packing and release.

1.2 Activate your account with an invite code

Teachers, staff and learners do not sign up on their own. Your school adds you, and you get a personal invite code (or a link that has the code in it) to set up your login.

Activating an account: type the invite code from your school, or open the link they sent you.

1 Get your code

Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.

2 Open the activation page

Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.

3 Check it is you

Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

4 Choose how you will sign in

Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

5 You are in

You are signed in straight away and land on the home page for your role.

 **Good to know:** Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.3 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The image shows the Skulbase sign-in page. At the top is the Skulbase logo, a blue square with a white 'S' and a graduation cap. Below the logo is the text 'Welcome back' and 'Sign in to your Skulbase account to continue'. The main form has two input fields: 'Email or Username' with the placeholder 'Enter your email or username' and 'Password' with the placeholder 'Enter your password' and a 'Forgot password?' link. Below the password field is a purple 'Sign In' button. Underneath the button is the text 'or continue with' and a 'Sign in with Google' button. At the bottom of the form are three links: 'Don't have an account? Create one', 'First time? Activate your account', and 'Need help? Read the user guides'. At the very bottom, it says 'Access is role-based · Admin · Class Teacher · Subject Teacher · Student'.

The sign-in page. “Forgot password?” sends you a code by email.

1 Go to the sign-in page

Open skulbase.com and choose Sign in.

2 Enter your details

Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 Forgot your password?

Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

Tip: Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.4 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

The school at a glance

The principal and deputy see live figures from every module the school runs at the top of the dashboard.

2.1 Across the school

“Across the school” shows one tile per thing that needs a leader’s eye: learners in the sick bay, learners out on exeat, vouchers waiting for approval, buses on the road, papers awaiting moderation and leave requests. Tap a tile to open its page.

The dashboard with “Across the school” tiles above the usual academic figures.

The academic calendar

Put every exam window, marks deadline and report release on the calendar, so teachers, learners and parents all work to the same dates.

3.1 The school calendar

Calendar lists what is coming up across the school: exam windows, marks deadlines, report-card release dates, meetings and holidays. Everyone can read it; the DOS, deputy and principal add events.

Calendar → Upcoming: each event shows its date, who it is for and its type.

1 Open Manage events

On Calendar, open the “Manage events” tab and press Add.

2 Describe the event

Give it a title, choose its type (exam, deadline, report release, meeting, holiday or other), the start date and, for several days, the end date.

3 Choose who sees it

Everyone, staff only, learners or parents. Parents see events meant for everyone or for parents in their portal.

4

Link an exam (optional)

Link the event to an exam so the dates stay together.

- Events are marked by type (exam, deadline, report release, meeting, holiday) and by who they are for: everyone, staff, learners or parents.
- Parents and learners only see events meant for them.
- To add an event (if you are allowed), open “Manage events”, press Add, and fill in the title, type, dates, who sees it and any details. An event can be linked to an exam.

Building the timetable

Skulbase generates a clash-free timetable from teaching loads, lets you adjust it, publishes it to everyone, and helps arrange cover when a teacher is away.

4.1 Set up the school day

On the “Day & rooms” tab, list the school days and the periods and breaks with their times, and the most lessons in a row one teacher may have. Add special rooms (labs, computer room, hall) so lessons that need them are placed there.

 **Good to know:** If you change the periods after publishing, generate the timetable again so lessons line up with the new day.

4.2 Teaching loads

On “Teaching loads”, each row is one subject in one class with its teacher, lessons a week, how many of those are doubles, and any room type it needs.

 **Tip:** “Start from subject assignments” creates a load for every subject each teacher is assigned to a class this year. Then adjust the lessons a week.

4.3 Generate and publish

On “Generate & publish”, name a new draft and press “Generate timetable”. Skulbase places every lesson without clashes for teachers, classes or rooms.

Generate & publish: the draft, how many lessons were placed, and the grid for one class.

1 Check what was placed

The draft shows how many lessons were placed. Anything not placed is listed: lighten those loads, free the teacher, or add rooms, then generate again.

2 Adjust by hand

Tap a lesson, then the slot to move or swap it into. “Pin here” keeps a lesson in its slot when you generate again.

3 Publish

Press Publish. Teachers and learners see it straight away under Timetable, and learners under My timetable.

4.4 Arrange lesson cover

When a teacher is away, open “Lesson cover”, choose the date and the absent teacher. Their lessons that day are listed with the colleagues who are free in each period; pick one to cover each lesson.

Tip: Leave requests list the lessons and duties that need cover, so check approved leave first.

The exam paper bank

Papers move through moderation, printing and release in one place, with every download stamped and logged.

5.1 Moderate papers (HOD, DOS)

The Moderation tab lists papers teachers have submitted. Open one to read the paper and marking scheme.

PAPER	SUBJECT	CLASS	STATUS	SET BY	UPDATED
Mathematics Endterm P1 · P1	Mathematics	Grade 7	Submitted	Peter Njoroge	27 Sept, 10:12
Social Studies Endterm · P1	Social Studies	Grade 8	Returned	Mary Wambui	23 Sept, 10:12

Exam papers → Moderation: papers waiting for you, with totals for each stage.

1 Open the paper

Tap it, then “Open paper” and “Marking scheme”. Files open stamped with your name and the time.

2 Approve or return

Approve it, or return it with a comment saying what to change (a comment is required when returning). The teacher sees the comment in the paper’s History.

5.2 Print, pack and release (Exams Officer)

The “Print & release” tab lists approved papers with the number of copies each class needs. Approved papers are locked so nobody can change them.

Exam paper bank
Upload papers securely, moderate them, print the right number of copies and release them after the exam.

Integrated Science Endterm · P1	Integrated Science	Grade 7	Locked	44	Printed	7 Oct, 10:13	25 Sept, 10:13

Help & guide

TM Tom Mboya Staff

Print & release: mark each paper Printed, then Packed, and release it after the exam.

- Mark a paper Printed when the copies are done and Packed when they are sealed for the exam room.
- After the exam (at the release time set by the teacher) release it; it then appears under Past papers for revision.

5.3 How teachers submit papers

The Exam paper bank keeps exam papers safe until the exam. You upload your paper, your head of department moderates it, the exams office prints it, and it is released after the exam.

 My papers

 Past papers

PAPER	SUBJECT	CLASS	STATUS	UPDATED
Mathematics Endterm P1 · P1	Mathematics	Grade 7	Submitted	27 Sept, 10:17
English Endterm · P1	English	Grade 8	Approved	26 Sept, 10:17

 Upload paper

Exam papers → My papers: every paper you set and where it is in moderation.

1 Upload

Press “Upload paper”. Give it a title (for example “End of Term 2 Mathematics”), choose the subject, class level and term, the paper label (P1, P2), how many copies are needed, and when it may be released after the exam. Attach the paper (PDF or Word) and, ideally, the marking scheme.

2 Submit it

Open the paper and submit it for moderation. Its status changes from Draft to Submitted.

3 Act on comments

If it comes back Returned, read the moderator’s comment in its History, replace the files and submit again. Once Approved it is locked for printing.

- Papers open stamped with the viewer’s name and the time, and every download is logged, so leaks can be traced.
- Past papers are available once released, for revision.

Professional records and coverage

Heads of department and the DOS review schemes of work and follow syllabus coverage class by class.

6.1 Review schemes of work

Submitted schemes show “Submitted” on the Schemes of work tab. Open one, read it, and approve it or return it with a review comment.

Professional records
Schemes of work, lesson plans and records of work in one chain, with syllabus coverage for HODs and the DOS.

Kevin Ouma 2402	EE	ME	AE	BE
Faith Chebet 2403	EE	ME	AE	BE
Brian Mwangi 2405	EE	ME	AE	BE

CBC assessment: pick the class, learning area, term and strand, then rate each learner.

1 Choose what you are assessing

Pick the class, the learning area, the term, and the strand (for example Numbers) and sub-strand (for example Fractions).

2 Open the class list

Press “Open class list”. Every learner in the class is listed.

3 Rate each learner

Tap EE, ME, AE or BE on each row and add a comment if you like. The totals at the top update as you go.

4 Save

Press Save. You can come back and change a rating later.

Approvals

The principal and deputy approve staff leave and spending.

7.1 Approve staff leave

Staff Leave lists every request with the dates and who will cover. Press Approve or Decline; the teacher sees the decision straight away.

Staff leave
Staff apply for leave; the principal, deputy or HR officer approves it.

Search leave requests

+ Apply for leave

STAFF	TYPE	DATES	DECIDED BY	STATUS
Joseph Kiprono	Sick	28 Sept 2026 – 29 Sept 2026 (2 d)	—	Pending Approve Decline
Tom Mboya	Annual	13 Sept 2026 – 17 Sept 2026 (5 d)	Mary Wambui	Approved

Staff leave: your requests and their status. Approvers see Approve and Decline buttons.

1 Apply

Press “Apply for leave”. Choose the type (annual, sick, maternity, compassionate and so on), the first and last day, and the reason.

2 Arrange cover

Under “Lessons and duties to cover”, say who will take your classes or duties, so the timetabler can arrange cover.

3 Wait for a decision

The request shows Pending until it is approved or declined. You can edit or cancel it while it is pending.

7.2 Approve expenses

Vouchers raised by staff wait under “Awaiting approval” on Expenses. Approve or reject each one; the bursar then pays approved vouchers and records the payment.

Expenses
Raise payment vouchers, approve them, and track spending by vote head and supplier.

+ Report incident

LEARNER	INCIDENT	SEVERITY	ACTION	DATE	REPORTED BY	STATUS	
Wanjiku Kamau	Lateness	Minor	Warning	26 Sept 2026	Peter Njoroge	Resolved	Tell parent
Brian Mwangi	Fighting	Major	None	27 Sept 2026	Joseph Kiprono	Open	Tell parent

Discipline: each incident with its category, severity, action and status.

1 Report it

Press “Report incident”. Choose the learner, the date, the category (for example lateness or fighting), how serious it is (minor, major or critical) and describe what happened.

2 What happens next

The discipline master records the action taken (for example a warning, counselling or calling the parent in), marks it resolved, and can text the parent with “Tell parent”.

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

8.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
