

Subject teacher guide

For teachers who teach subjects in one or more classes

How to enter and correct marks for the subjects you teach, release results, set and mark homework, upload exam papers, keep schemes of work and lesson plans, assess CBC strands, and use the calendar, timetable, leave and store requests.

Contents

1. Getting started

- Activate your account with an invite code
- Sign in
- Finding your way around

3. Exams and marks

- Enter or correct marks
- Using the mark sheet
- Upload marks from a spreadsheet or a photo
- Release results to learners
- See a class's results

5. Exam papers, schemes and CBC

- Upload an exam paper for moderation
- Schemes of work, lesson plans and records of work
- CBC assessment
- Report a discipline incident

7. On your phone

- Using Skulbase on a phone

2. Your dashboard

- Reading your dashboard

4. Homework and announcements

- Set homework and mark it
- Post announcements

6. Calendar, leave and requests

- The school calendar
- Your timetable
- Apply for leave
- Ask the store for supplies
- Ask for money to be spent

8. Getting help

- Where to get help

Getting started

Your school administrator creates your account and gives you an invite code. You activate it once, then sign in with your username or email.

1.1 Activate your account with an invite code

Teachers, staff and learners do not sign up on their own. Your school adds you, and you get a personal invite code (or a link that has the code in it) to set up your login.

Activating an account: type the invite code from your school, or open the link they sent you.

- 1 Get your code**
Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.
- 2 Open the activation page**
Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.
- 3 Check it is you**
Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

4 Choose how you will sign in

Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

5 You are in

You are signed in straight away and land on the home page for your role.

Good to know: Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.2 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The sign-in page. “Forgot password?” sends you a code by email.

1 Go to the sign-in page

Open skulbase.com and choose Sign in.

2 Enter your details

Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 Forgot your password?

Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

 **Tip:** Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.3 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

Your dashboard

Your dashboard shows how much marking is left this term and takes you straight to the next mark sheet.

2.1 Reading your dashboard

The top shows the term and how many marks you have left to enter. “Continue” opens the next mark sheet to finish.

The screenshot shows a user interface for a 'Subject Teacher workspace' in 'Demo Academy'. On the left is a dark sidebar with a search menu and a list of navigation items: Dashboard (selected), Exams & Marks, Calendar, Timetable, Exam Papers, Professional Records, CBC Assessment, Expenses, Discipline, and Help & guide. The main area is light blue and contains several sections:

- ACROSS THE SCHOOL:** Five summary cards showing school-wide metrics:
 - IN SICK BAY: 1 (1 sent home today)
 - LEARNERS OUT ON EXEAT: 1 (1 waiting for approval)
 - VOUCHERS TO APPROVE: Ksh 28,300 (2 vouchers)
 - BUSES ON THE ROAD: 1 (Route A – Westlands)
 - PAPERS AWAITING MODERATION: 1
- LEAVE REQUESTS:** 1
- Term Progress:** Sunday 27 September 2026. 'Good morning, Grace'. Term 3 · 2026, Week 5 of 10 · 34 days left. A blue 'Continue: Mathematics · Grade 7 East' button and a 'View results' link are present. A note states: 'You have 53 marks left to enter this term.'
- AT A GLANCE:** Four summary cards:
 - 53 Marks to enter (orange card)
 - 1/3 Exams fully marked (green card)
 - 63.2% Subject average (purple card)
 - 512 Marks entered (blue card)
- My marking:** Term 3 · Tap an exam to enter or correct its marks. Tabs for 'Midterm' and 'Endterm' (selected). Shows 'Endterm overall' progress: 31 / 84 marks · 37%.
- Quick actions:** A button 'Enter or correct ma...' with a subtext 'Type, fix or remove mar...' and a right arrow.

At the bottom left of the main area, the user's profile is shown: 'GA Grace Achieng · Subject Teacher'.

A subject teacher's dashboard.

- At a glance: marks still to enter, exams fully marked, your subjects' average, and how many marks you have entered.
- My marking lists every exam you enter marks for this term, with progress. Tap one to open it.
- Quick actions open marks, results, release, assignments and announcements.

Exams and marks

Entering marks is the main job in Skulbase. You only see the classes and subjects your administrator has assigned to you; if one is missing, ask them to add it on the Subjects page.

3.1 Enter or correct marks

Marks go in on Exams & Marks, on the “Enter & Correct Marks” tab. You pick the term, the exam, the class and the subject, and a mark sheet opens with every learner in the class.

Choose the term (the current one is marked NOW), then the exam, then the class and subject.

1 Open Exams & Marks

Choose Exams & Marks in the menu. The “Enter & Correct Marks” tab is open.

2 Choose the term

The current term is selected for you and marked NOW. Pick another term to correct older marks.

3 Choose the exam

Tap the exam, for example Midterm or Endterm. Only exams your school has set up for that term are shown.

4 Choose the class and subject

Pick the class, then the subject. Teachers only see the classes and subjects they teach.

5 Open the mark sheet

Press “Open mark sheet”. Saved marks are already filled in.

3.2 Using the mark sheet

The mark sheet lists every learner with a box for their score. The grade fills itself in from your school's grading system.

Exams & Marks
Enter or correct marks, review results, and release them to learners.

Enter & Correct Marks | Results & Reports | Release Results

ENTERING MARKS FOR
Mathematics · Grade 7
Term 3 · Endterm · Out of 100

Split into papers | Change exam, class or subject

Type marks | Upload file | Scan sheet

Mark sheet 9 of 12 entered 75% · Out of 100 Online

ⓘ Saved marks are already filled in. To correct a mistake, search for the learner, type the right score over the old one and press **Save changes**. Use **Undo** to put a mark back, or the bin to remove a mark for a learner who did not sit the exam.

Find a learner by name or adn | All streams | All 12 | Not entered 3 | Entered 9 | Unsaved 0

#	LEARNER	SCORE /100	GRADE	REMARKS	STATUS
1	Amani Otieno 2400 · Grade 7 East	33	AE — App	Optional remark	✓ Saved
3	Esther Nyambura	65	ME — Me	Optional remark	✓ Saved

All changes saved · 3 learners still without a mark Saved

The mark sheet: type a score, press Enter to move to the next learner, then Save changes.

1 Type the scores

Click the first score box, type the mark and press Enter to jump to the next learner. The grade appears as you type. Remarks are optional.

2 Save

Press “Save changes” at the bottom. The bar tells you how many learners still have no mark.

3 Correct a mistake

Find the learner with the search box, type the right score over the old one, and save. Undo puts a mark back as it was; the bin removes a mark for a learner who did not sit the exam.

4 Filter the list

Use the tabs (All, Not entered, Entered, Unsaved) and the stream filter to find who is left.

- “Online” at the top right shows the sheet is connected. If the network drops, your typing is kept on this device and saved when you are back online.
- Scores are out of the exam’s maximum (shown at the top, for example “Out of 100”).
- A subject with several papers can be split with “Split into papers”; each paper then gets its own column and the final mark is worked out for you.

3.3 Upload marks from a spreadsheet or a photo

Instead of typing, you can upload an Excel or CSV file, or take a photo of a handwritten mark sheet.

“Upload file” reads marks from Excel or CSV; “Scan sheet” reads a photo of a paper mark sheet.

1 Upload a file

On the mark sheet choose “Upload file”, pick your Excel or CSV file, and check the columns Skulbase detected (learner, admission number, score). Press “Validate & Preview”, check the rows, then save.

2 Scan a paper sheet

Choose “Scan sheet” and take or upload a clear photo. Skulbase reads the names and scores; check every row, fix anything misread, and confirm. Nothing is saved until you confirm.

 **Tip:** Admission numbers are the most reliable way to match rows to learners. Keep them in your spreadsheet.

3.4 Release results to learners

Marks stay private to staff until they are released. Releasing a subject lets learners see its marks in their portal and on the report card's QR check.

Release Results: each subject shows how many learners are marked and whether learners can see it.

1 Open the Release Results tab

On Exams & Marks choose “Release Results”.

2 Choose the class, term and exam

The list shows every subject for that exam and how many learners have marks.

3 Check the ranking preview

Scroll down to see the class ranking the release would produce, and any learners with missing papers (a missing paper counts as 0).

4 Release

Release a single subject, or all of them at once. Released subjects show “Learners can see”.

- You can still correct marks after releasing; learners see the corrected mark.
- “Withdraw” hides a subject from learners again at any time.

3.5 See a class's results

The “Results & Reports” tab on Exams & Marks shows how a class did: every subject side by side, one exam at a time, the analysis, and individual report cards.

The screenshot shows the Skulbase Admin workspace interface. On the left is a dark sidebar with a search menu and navigation links: Dashboard, Exams & Marks (selected), Report Cards, Attendance, Analytics, Calendar, Timetable, Exam Papers, Professional Records, Users, Settings, and Help & guide. The user profile at the bottom of the sidebar is Mary Wambui, Admin.

The main content area is titled "ACADEMICS Exams & Marks" with the subtitle "Enter or correct marks, review results, and release them to learners." Below this are three tabs: "Enter & Correct Marks", "Results & Reports" (selected), and "Release Results".

Under the "Results & Reports" tab, there are two dropdown menus: "Class / Stream" set to "Grade 7 East" and "Exam" set to "English Midterm — English (MIDTERM)". Below these is a section for "English · English Midterm" (Out of 100). The "Results status" is "Released" (in a green box), and there is a "Withdraw" button.

Below the status section are five tabs: "All subjects", "Single exam" (selected), "Analysis", "Quick entry", and "Reports".

Below the tabs, it says "11 students · Tap the pencil to edit a result". There are buttons for "Export CSV" and "Export PDF".

A message box says: "Spotted a wrong mark? Tap the pencil on the learner's row to fix it, or open the mark sheet to correct several at once." with a "Correct marks" button.

Below the message is a table with the following columns: POSITION, STUDENT %, ADM NO, SCORE ▼, GRADE %, TOTAL PTS, OVERALL, REMARKS, and EDIT. The first row shows: 1, Amani Otieno, 2400, 88%, EE, 0, —, —, and an edit icon.

Results & Reports: choose a class, then an exam, to see its results.

- Choose a class, then an exam, to see the broadsheet and rankings.
- Click a learner to download their PDF report card, or generate the whole class at once.

Homework and announcements

Set homework for your classes, mark what learners hand in, and post notices.

4.1 Set homework and mark it

Assignments is where homework is set for a class. Learners see it on their dashboard, hand it in there (typed or as a file), and you grade it here.

Open an assignment's hand-ins to read each learner's work and grade it.

1 Set an assignment

Press "New assignment". Choose the class and subject, give it a title and a due date, add instructions, and attach a file (up to 10 MB) if you like.

2 Follow progress

The tiles at the top filter to Upcoming, Past due, Set by me and All. Each card shows how many learners have handed in.

3 Mark the work

Open the hand-ins, read each learner's answer or open their file, and give a grade from 0 to 100 with optional feedback. Learners see the grade and feedback on their dashboard.

- Work is due at the end of the due date, not at midnight before it.
- Teachers can edit and grade only the assignments they set; administrators can manage all of them.

- Once you have graded a hand-in, the learner can no longer replace it.

4.2 Post announcements

Announcements are notices for the whole school. They show on the Announcements page and on learners' dashboards.

The screenshot shows the Skulbase Admin workspace. On the left is a dark sidebar with a search menu and a list of navigation items: Dashboard, Exams & Marks, Report Cards, Attendance, Analytics, Calendar, Timetable, Exam Papers, Professional Records, Users, Settings, and Help & guide. The main content area is titled 'COMMUNICATION Announcements' with a subtitle 'Post notices to the whole school, and text the important ones'. It features a summary card showing 'All 3 posted to the school' and 'Important 1 flag'. Below this is a search bar for announcements. A list of announcements is displayed, including 'Half-term break' (marked as important), 'Grade 9 parents meeting', and 'Science fair entries'. On the right, the 'New announcement' form is open. It has a title field (e.g., 'Half-term break dates'), a message field (0/200 characters), and a checkbox for 'Mark as important'. The form also includes a checkbox for 'Also text every guardian' and 'Cancel' and 'Post' buttons.

A new announcement: a title, the message, and whether it is important.

- 1 Start one**
On Announcements press “New announcement”.
 - 2 Write it**
Give it a short title (for example “Half-term break dates”) and the message.
 - 3 Mark it important (optional)**
Important announcements are highlighted in red on the list and on dashboards.
 - 4 Post**
Press Post. You can edit or delete your own announcements later from the list.
- Search, or filter to Important or to the ones you posted.
 - Only administrators can text an announcement to guardians. Ask your administrator if something needs to go out by SMS.

Exam papers, schemes and CBC

Setting papers, keeping professional records and assessing CBC strands. You only see a page if your school has switched its module on and your role or duty uses it. If something here is missing from your menu, ask your administrator.

5.1 Upload an exam paper for moderation

The Exam paper bank keeps exam papers safe until the exam. You upload your paper, your head of department moderates it, the exams office prints it, and it is released after the exam.

The screenshot shows the 'Exam paper bank' interface within the 'Demo Academy' workspace. The left sidebar contains a navigation menu with options like Dashboard, Exams & Marks, Calendar, Timetable, Exam Papers (highlighted), Professional Records, CBC Assessment, Expenses, Discipline, and Help & guide. The main content area is titled 'Exam paper bank' and includes a description: 'Upload papers securely, moderate them, print the right number of copies and release them after the exam.' There is an 'Upload paper' button. Below this, there are tabs for 'My papers' and 'Past papers', and a search bar. A table lists the uploaded papers:

PAPER	SUBJECT	CLASS	STATUS	UPDATED
Mathematics Endterm P1 · P1	Mathematics	Grade 7	Submitted	27 Sept, 10:17
English Endterm · P1	English	Grade 8	Approved	26 Sept, 10:17

The user profile at the bottom left shows 'Grace Achieng' as the Subject Teacher.

Exam papers → My papers: every paper you set and where it is in moderation.

1 Upload

Press “Upload paper”. Give it a title (for example “End of Term 2 Mathematics”), choose the subject, class level and term, the paper label (P1, P2), how many copies are needed, and when it may be released after the exam. Attach the paper (PDF or Word) and, ideally, the marking scheme.

2 Submit it

Open the paper and submit it for moderation. Its status changes from Draft to Submitted.

3 Act on comments

If it comes back Returned, read the moderator’s comment in its History, replace the files and submit again. Once Approved it is locked for printing.

- Papers open stamped with the viewer's name and the time, and every download is logged, so leaks can be traced.
- Past papers are available once released, for revision.

5.2 Schemes of work, lesson plans and records of work

Professional Records keeps your schemes of work, lesson plans and records of work together, and works out how much of the syllabus each class has covered.

Professional records
Schemes of work, lesson plans and records of work in one chain, with syllabus coverage for HODs and the DOS.

Search schemes of work

+ Add scheme of work

SCHEME	CLASS & SUBJECT	STATUS
Mathematics Grade 7 Term 3	Grade 7 East · Mathematics	Approved
Integrated Science Grade 7 Term 3	Grade 7 East · Integrated Science	Submitted
English Grade 8 Term 3	Grade 8 East · English	Draft

Professional records → Schemes of work.

1 Write a scheme of work

Press “Add scheme of work”, choose the class, subject and term, then fill in the weeks: each lesson with its topic or sub-strand and details. Set the number of teaching weeks and lessons a week.

2 Draft with AI (optional)

“Draft with AI” fills the rows with a suggested scheme from the topics you list. It replaces the rows below, so check and edit every row before saving.

3 Submit for review

Save, then press “Submit for review”. Your head of department or the DOS approves it or returns it with a comment.

4 Plan lessons

Under Lesson plans, add a plan for a lesson: the date, topic, specific objectives, introduction, lesson development, conclusion, resources and your self-evaluation afterwards.

5 Record what you taught

Tick lessons as Taught inside the scheme, or add a record of work with the date, work covered and remarks. Both count towards syllabus coverage.

5.3 CBC assessment

CBC Assessment records each learner's level for a strand and sub-strand: Exceeding (EE), Meeting (ME), Approaching (AE) or Below (BE) expectations.

ACADEMICS

CBC assessment
Rate each learner per strand and sub-strand: Exceeding, Meeting, Approaching or Below expectations.

Class * Grade 7 East Learning area * Mathematics Term * Term 3 2026

Strand * Numbers Sub-strand Fractions [Open class list](#)

EE Exceeding expectations · 1 ME Meeting expectations · 2 AE Approaching expectations · 1 BE Below expectations · 0 [Save](#)

Amani Otieno 2400	EE	ME	AE	BE
Wanjiku Kamau 2401	EE	ME	AE	BE
Kevin Ouma 2402	EE	ME	AE	BE
Faith Chebet 2403	EE	ME	AE	BE
Brian Mwangi 2405	EE	ME	AE	BE

CBC assessment: pick the class, learning area, term and strand, then rate each learner.

1 Choose what you are assessing

Pick the class, the learning area, the term, and the strand (for example Numbers) and sub-strand (for example Fractions).

2 Open the class list

Press “Open class list”. Every learner in the class is listed.

3 Rate each learner

Tap EE, ME, AE or BE on each row and add a comment if you like. The totals at the top update as you go.

4 Save

Press Save. You can come back and change a rating later.

5.4 Report a discipline incident

Any teacher can report an incident on the Discipline page. You see the incidents you reported; the discipline master decides the action and tells the parent.

The screenshot shows the 'Discipline' page in the Skulbase app. The left sidebar contains a menu with categories: ACADEMICS (Exams & Marks, Calendar, Timetable, Exam Papers, Professional Records, CBC Assessment), FINANCE (Expenses), and WELFARE (Discipline, Help & guide). The user is logged in as Grace Achieng, Subject Teacher. The main content area is titled 'Discipline' under the 'WELFARE' section. It includes a search bar for 'Search discipline incidents' and a '+ Report incident' button. Below is a table of incidents:

LEARNER	INCIDENT	SEVERITY	ACTION	DATE	REPORTED BY	STATUS	
Wanjiku Kamau	Lateness	Minor	Warning	26 Sept 2026	Peter Njoroge	Resolved	☐ Tell parent  
Brian Mwangi	Fighting	Major	None	27 Sept 2026	Joseph Kiprono	Open	☐ Tell parent  

Discipline: each incident with its category, severity, action and status.

1 Report it

Press “Report incident”. Choose the learner, the date, the category (for example lateness or fighting), how serious it is (minor, major or critical) and describe what happened.

2 What happens next

The discipline master records the action taken (for example a warning, counselling or calling the parent in), marks it resolved, and can text the parent with “Tell parent”.

Calendar, leave and requests

Tools every teacher has: the school calendar, your timetable, leave, and requests to the store and the bursar. You only see a page if your school has switched its module on and your role or duty uses it. If something here is missing from your menu, ask your administrator.

6.1 The school calendar

Calendar lists what is coming up across the school: exam windows, marks deadlines, report-card release dates, meetings and holidays. Everyone can read it; the DOS, deputy and principal add events.

ACADEMICS School calendar
Exams, marks deadlines, report release, meetings and holidays in one place.

Mary Wambui
Admin

Calendar → Upcoming: each event shows its date, who it is for and its type.

- Events are marked by type (exam, deadline, report release, meeting, holiday) and by who they are for: everyone, staff, learners or parents.
- Parents and learners only see events meant for them.
- To add an event (if you are allowed), open “Manage events”, press Add, and fill in the title, type, dates, who sees it and any details. An event can be linked to an exam.

6.2 Your timetable

Timetable shows the published timetable for the week: periods down the side, days across the top, each lesson with its class, teacher and room. On a phone it shows one day at a time.

Timetable
Generate a clash-free timetable from teaching loads, publish it to everyone, and arrange cover when teachers are away.

Show
My timetable

PERIOD	MON	TUE	WED	THU	FRI
P1 08:00–08:40	ISC Grade 7 East · Lab 1	CAS Grade 7 East · Room 7E	KIS Grade 7 East · Room 7E	PTS Grade 7 East · Room 7E	ENG Grade 7 East · Room 7E

Lunch · 12:40–14:00					
P7 14:00–14:40	KIS Grade 7 East · Room 7E	PTS Grade 7 East · Room 7E	ENG Grade 7 East · Room 7E	SST Grade 7 East · Room 7E	MAT Grade 7 East · Room 7E
P8 14:40–15:20	ISC Grade 7 East · Lab 1	CAS Grade 7 East · Room 7E	KIS Grade 7 East · Room 7E	PTS Grade 7 East · Room 7E	ENG Grade 7 East · Room 7E

Timetable → My timetable. Breaks and lunch are shown between periods.

- “Show” switches between your own timetable and any class, teacher or room.
- When a colleague is away and you are asked to cover a lesson, it is arranged under “Lesson cover”; check the timetable at the start of each day.

6.3 Apply for leave

Staff Leave is where you ask for time off. The principal, deputy or HR officer approves it, and you can see the decision on the same page.

Staff leave
Staff apply for leave; the principal, deputy or HR officer approves it.

Search leave requests

+ Apply for leave

STAFF	TYPE	DATES	DECIDED BY	STATUS
Joseph Kiprono	Sick	28 Sept 2026 – 29 Sept 2026 (2 d)	—	Pending
Tom Mboya	Annual	13 Sept 2026 – 17 Sept 2026 (5 d)	Mary Wambui	Approved

Staff leave: your requests and their status. Approvers see Approve and Decline buttons.

1 Apply

Press “Apply for leave”. Choose the type (annual, sick, maternity, compassionate and so on), the first and last day, and the reason.

2 Arrange cover

Under “Lessons and duties to cover”, say who will take your classes or duties, so the timetabler can arrange cover.

3 Wait for a decision

The request shows Pending until it is approved or declined. You can edit or cancel it while it is pending.

6.4 Ask the store for supplies

Inventory & stores → Requisitions is how you ask for exercise books, chalk, chemicals or equipment. The storekeeper approves the request and issues the items, and the stock count goes down automatically.

 **Inventory & stores**

The asset register and store stock, with requisitions that are approved, issued and taken off stock.

Stock & assets

Requisitions

+ Request from store

ITEM	QUANTITY	REQUESTED BY	WHEN	STATUS
Exercise books (96pg)	40 books	Peter Njoroge	26 Sept, 22:15	Pending
Chalk boxes	5 boxes	Grace Achieng	24 Sept, 10:15	Issued

Press “Request from store”, choose the item, the quantity and what it is for (for example “Grade 7 exam booklets”).

When the storekeeper approves and issues it, the status changes to Issued. Collect the items from the store.

Expenses → My requests lets any staff member raise a payment voucher, for example to buy lab chemicals or pay for printing. The bursar or principal approves it before it is paid.

Press “Record expense”. Say what it is for, the amount, the date, the supplier and the vote head, and attach the invoice reference.

It shows Pending, then Approved (waiting for payment) or Rejected, then Paid with the payment reference.

On your phone

You can enter marks from a phone, even on a weak connection.

7.1 Using Skulbase on a phone

Every page works on a phone. Tables turn into cards, and the menu moves to the bottom of the screen.

Entering marks on a phone.

- Use a current version of Chrome, Safari or Samsung Internet.
- Mark entry keeps your work on the phone if the network drops, and saves it when you are back online.
- Downloads such as report cards open in your phone's PDF viewer, ready to share on WhatsApp or print.

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

8.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
