SKULBASE USER GUIDE

Parent guide

For parents and guardians

How to activate your parent account and follow each of your children: results and report cards, fees, attendance, the school bus and school news. It also covers what you receive by SMS if you do not have an account.

Contents

1. Getting started

- Activate your account with an invite code
- Sign in
- Finding your way around

2. My children

- A child at a glance
- Fees: balance, receipts and paying
- On your phone
- A child is missing

3. Without an account

- What you receive by SMS

4. Getting help

- Where to get help

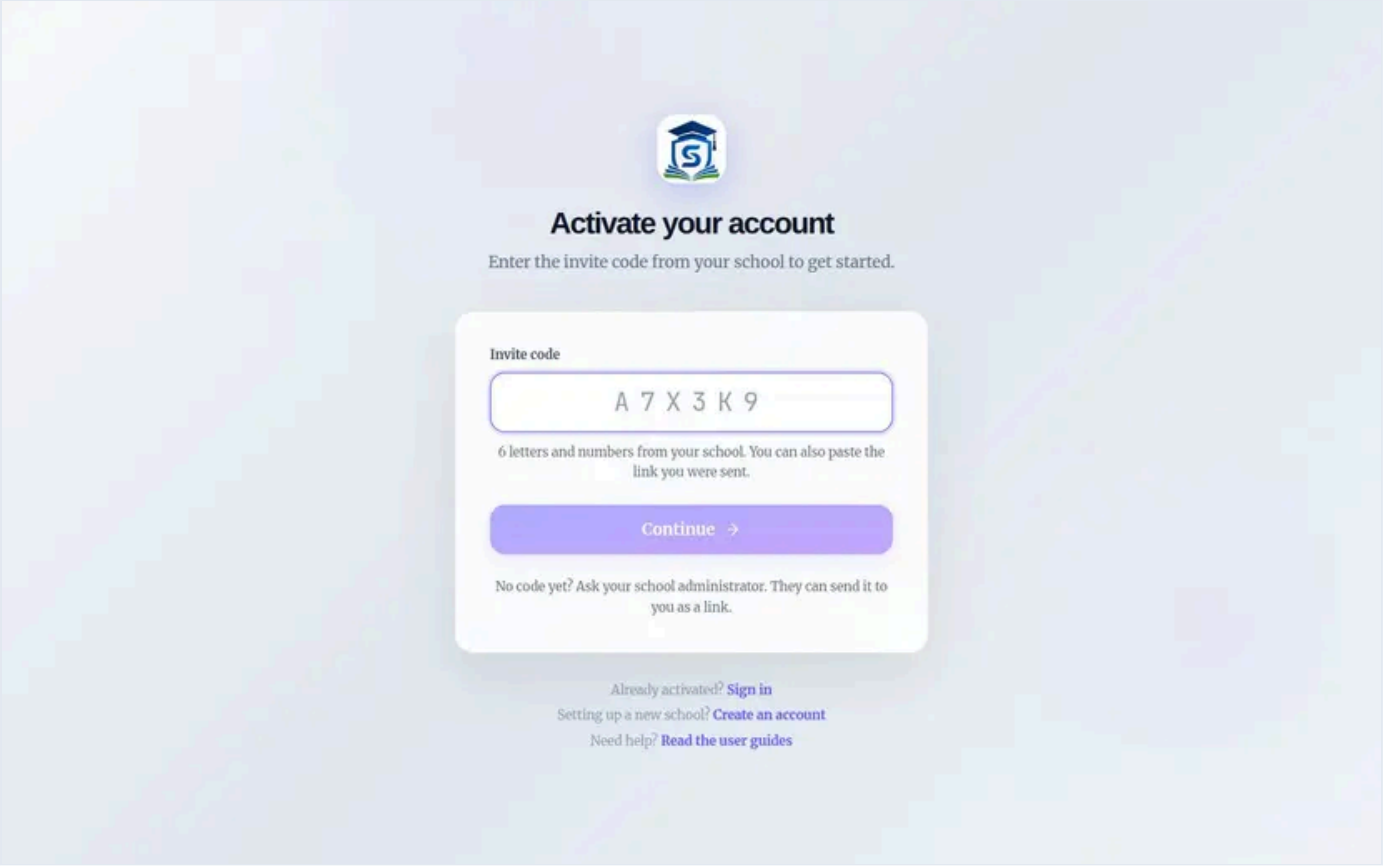

CHAPTER 1

Getting started

If your school uses the Parent Portal, it links your phone number to your child and gives you an invite code. One account shows all your children at the school.

1.1 Activate your account with an invite code

The school gives you a personal invite code (or a link with the code in it). You use it once to set up your own login.

Activating an account: type the invite code from your school, or open the link they sent you.

1. **Get your code**
   Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.

2. **Open the activation page**
   Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.

3. **Check it is you**
   Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

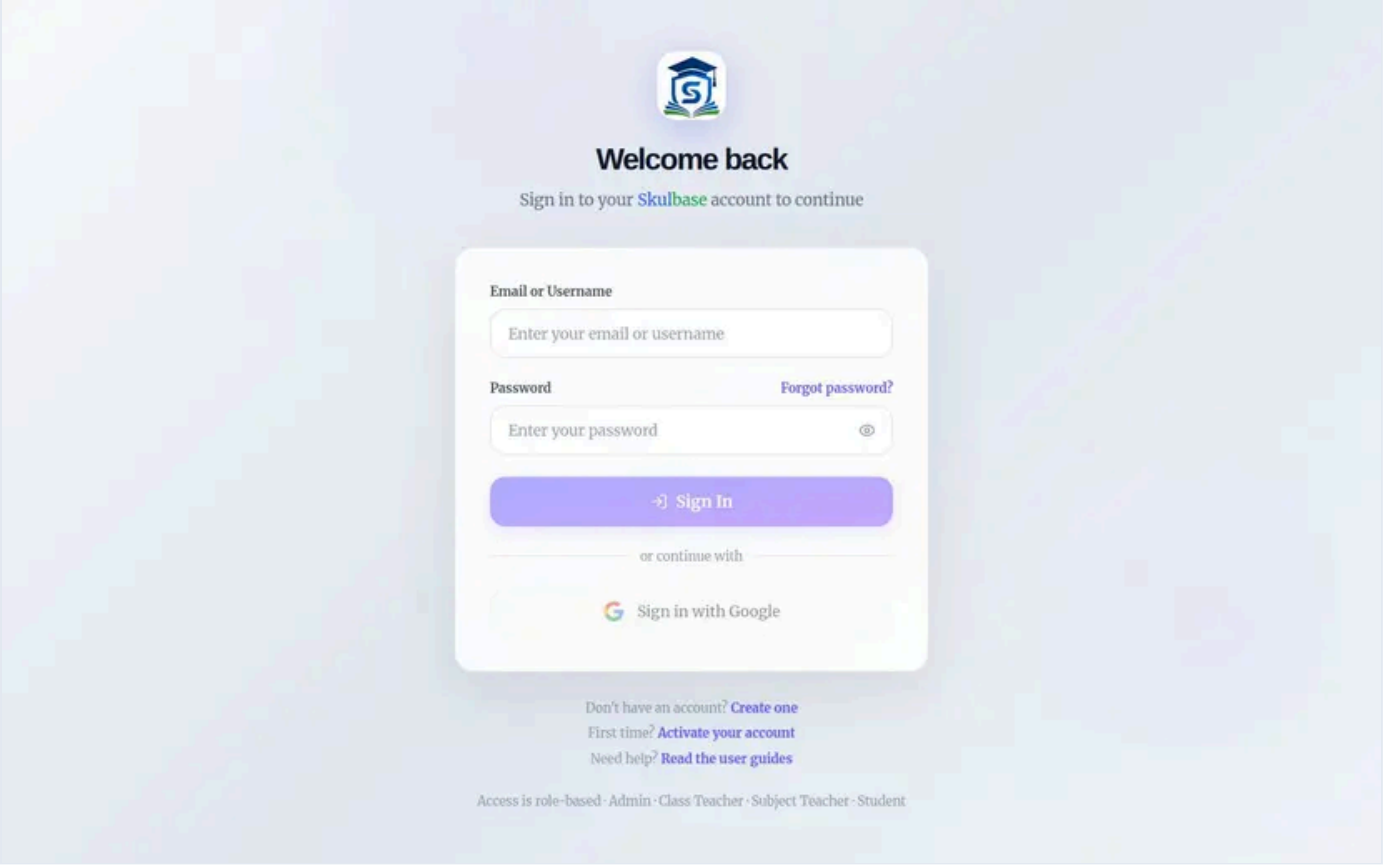

4 **Choose how you will sign in**
Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

5 **You are in**
You are signed in straight away and land on the home page for your role.

⚠ **Good to know:** Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.2 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The sign-in page. “Forgot password?” sends you a code by email.

1 **Go to the sign-in page**
Open skulbase.com and choose Sign in.

2 **Enter your details**
Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 **Forgot your password?**
Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

Tip: Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.3 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

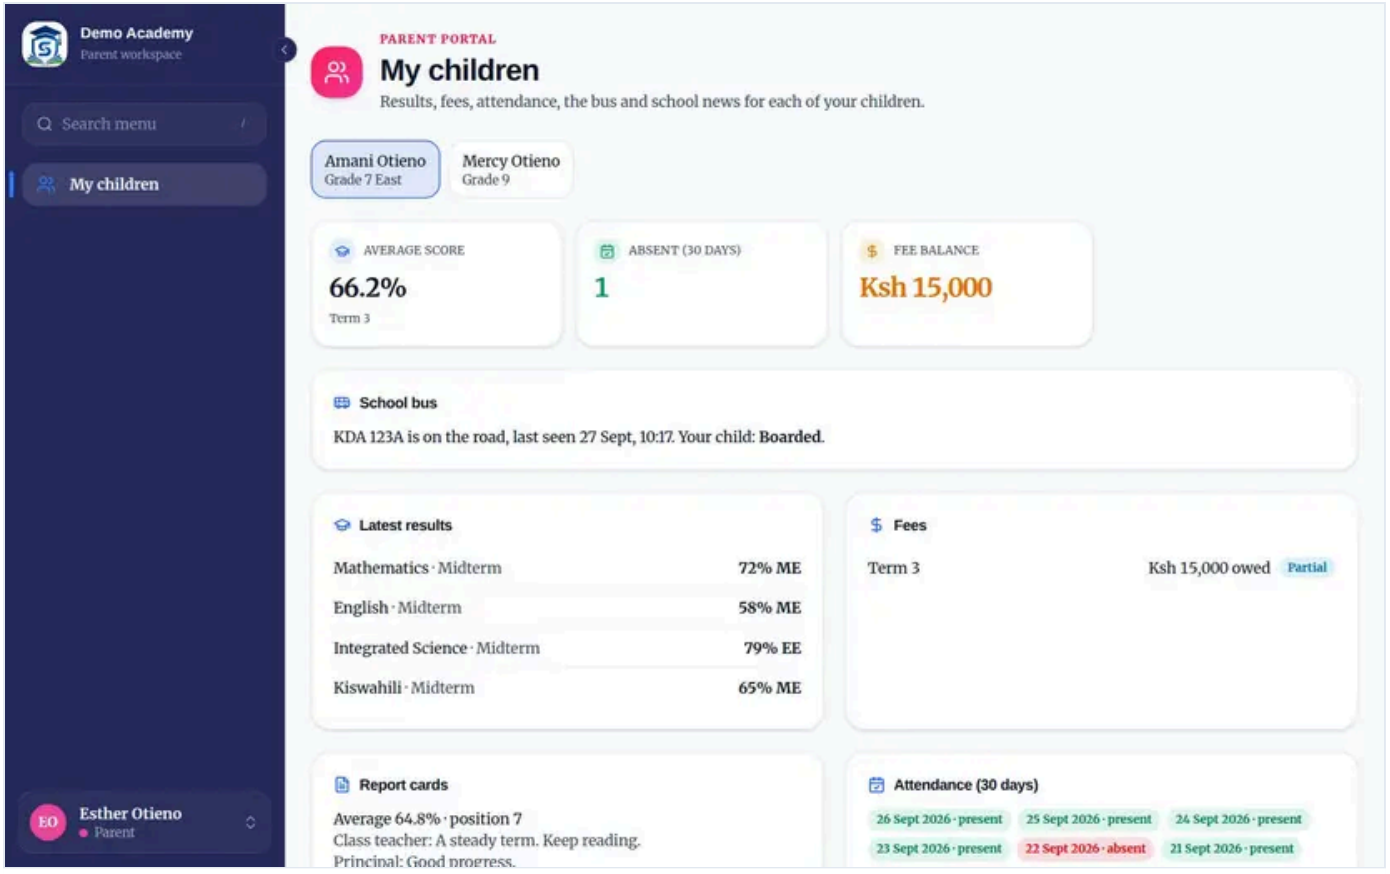

CHAPTER 2

My children

Your home page after signing in. Each child has a tab at the top; tap one to see their summary.

2.1 A child at a glance

The figures at the top show the child's average score for the current term, days absent in the last 30 days, the fee balance and, if they use it, the school bus.

My children: one tab per child.

- With more than one child at the school, the top shows one family fee balance, and each child's tab shows what that child owes.
- School bus: whether the bus is on the road, when it was last seen, and whether your child has boarded. You also see their route and stop with pick-up and drop-off times.
- Latest results: the newest marks the school has released, with grades.
- Report cards: the average, position and teachers' comments from each report card.
- Attendance: every school day in the last 30 days.
- Coming up and Notices: exams, meetings and holidays from the school calendar, and announcements.

2.2 Fees: balance, receipts and paying

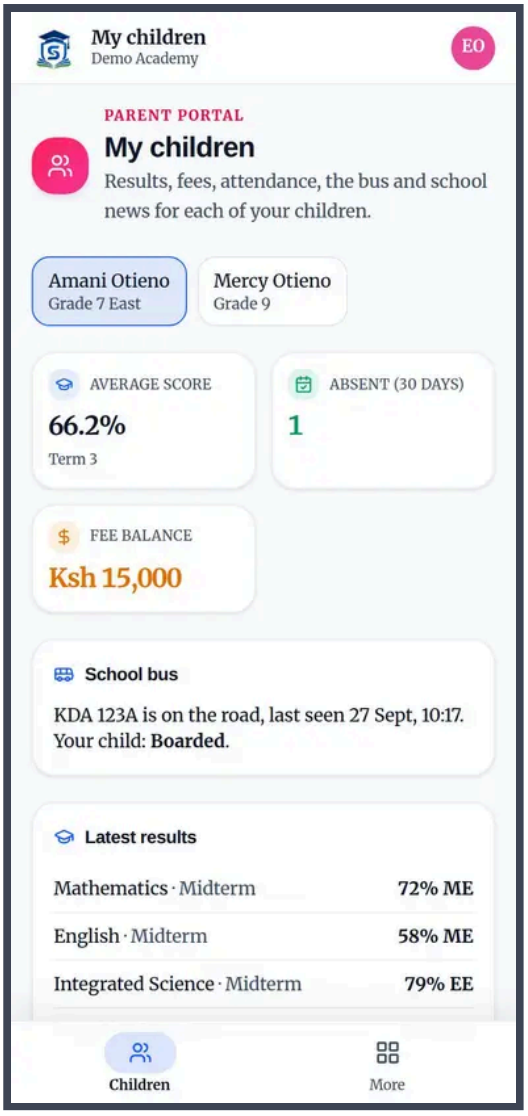

Each child's Fees section shows the balance to pay across every term (arrears included), each term's bill and what has been paid, the latest receipts, and how to pay.

1. **Pay online**
   If the school takes M-Pesa or Pesapal, press "Pay" (it starts with the oldest term owing) or Pay beside any term. With M-Pesa, enter the phone number and amount (part payments are fine) and your PIN when the prompt appears on that phone. With Pesapal, finish on the Pesapal page that opens. The balance updates once the payment is received.
2. **Pay another way**
   The bottom of the section shows the school's Paybill and the account number to use (your child's admission number), and its bank accounts. Keep your M-Pesa message or bank slip; the school records the payment when it arrives.
3. **Download a receipt**
   Each payment in Receipts has its receipt as a PDF. Older receipts are on the statement.
4. **Download the statement**
   "Statement" gives every charge, bursary and payment with a running balance, ready to print or share.

> **Tip:** Every receipt has a QR code. Scan it with your phone camera to check with the school's records that the receipt is genuine.

2.3 On your phone

The parent portal is built for phones. Save skulbase.com to your home screen to open it like an app, or use the Skulbase app with the same login: it shows the same children, fees and payments.

The parent portal on a phone: one tab per child.

2.4 A child is missing

If a child does not appear, the school has not linked them to your phone number yet. Ask the school office to link your account to them under Parent accounts. Use the same phone number for every child, so they all appear under one login.

CHAPTER 3

Without an account

Parents who do not use the portal still hear from the school by SMS, on the phone number the school has for them.

3.1 What you receive by SMS

Keep your phone number up to date with the school so these reach you.

- Results after an exam, when the school sends them.
- A text when your child is marked absent, if the class teacher sends absence notices. Every parent linked to the child gets it, as well as the number on the child's record.
- Fee balance reminders, with the balance across all terms and, if the school takes M-Pesa, the Paybill and account number to use.
- Important announcements, such as closing and opening dates.
- Fee receipts carry a QR code too: scan it to check the receipt is genuine.
- Printed report cards carry a QR code. Scan it with your phone camera to see the results the school approved, and check the card is genuine.

CHAPTER 4

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

4.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
