

Parent guide

For parents and guardians

How to activate your parent account and follow each of your children: results and report cards, fees, attendance, the school bus and school news. It also covers what you receive by SMS if you do not have an account.

Getting started

If your school uses the Parent Portal, it links your phone number to your child and gives you an invite code. One account shows all your children at the school.

1.1 Activate your account with an invite code

The school gives you a personal invite code (or a link with the code in it). You use it once to set up your own login.

Activating an account: type the invite code from your school, or open the link they sent you.

- 1 Get your code**
Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.
- 2 Open the activation page**
Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.
- 3 Check it is you**
Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

4 Choose how you will sign in

Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

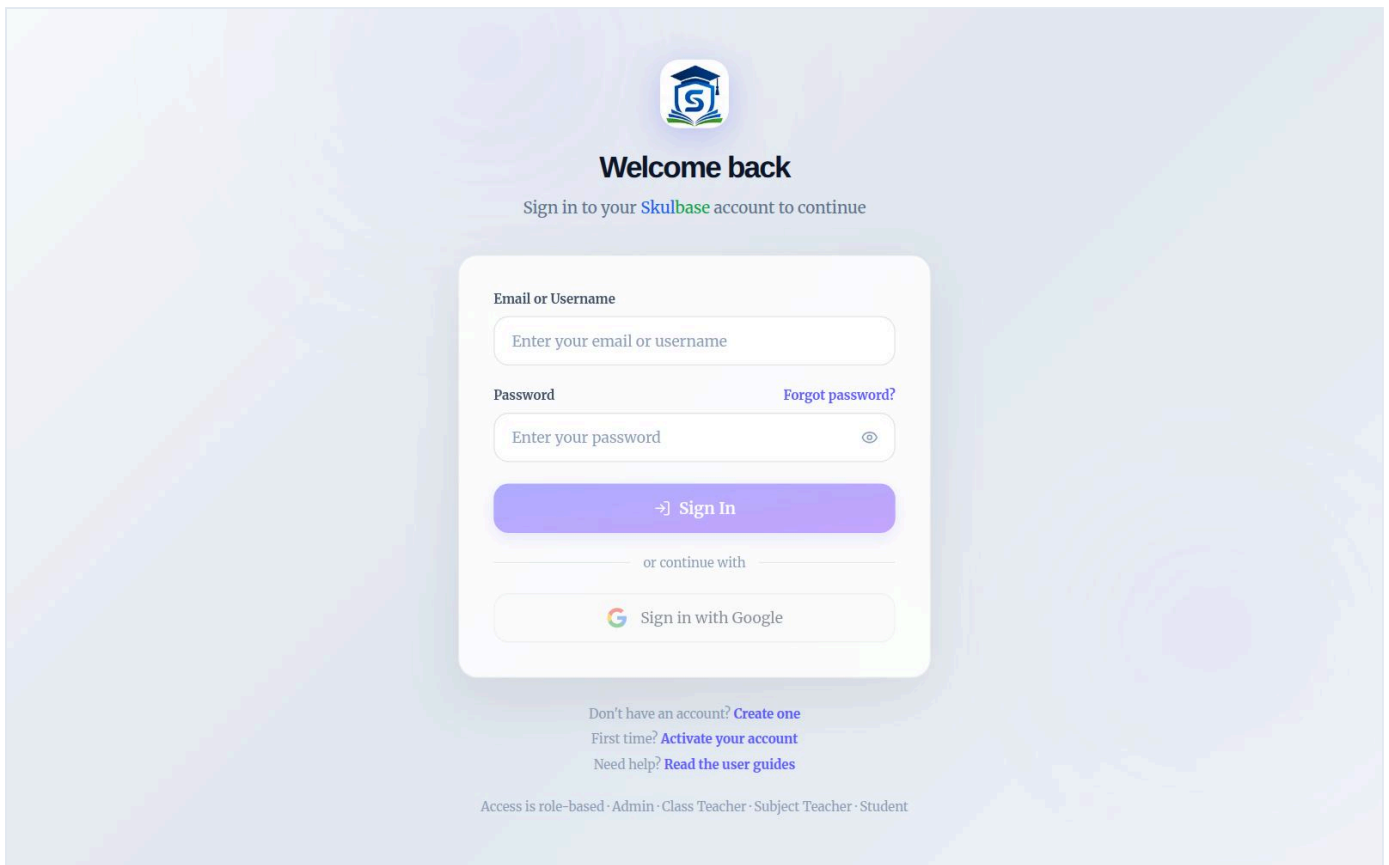

5 You are in

You are signed in straight away and land on the home page for your role.

 **Good to know:** Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.2 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The image shows the Skulbase sign-in page. At the top is the Skulbase logo, a blue square with a white 'S' and a graduation cap. Below the logo is the text 'Welcome back' and 'Sign in to your Skulbase account to continue'. The main form has two input fields: 'Email or Username' and 'Password'. The 'Email or Username' field has a placeholder 'Enter your email or username'. The 'Password' field has a placeholder 'Enter your password' and a 'Forgot password?' link. Below the fields is a purple 'Sign In' button. Under the button is a link 'or continue with' followed by a 'Sign in with Google' button. At the bottom, there are links for 'Don't have an account? Create one', 'First time? Activate your account', and 'Need help? Read the user guides'. At the very bottom, it says 'Access is role-based · Admin · Class Teacher · Subject Teacher · Student'.

The sign-in page. “Forgot password?” sends you a code by email.

1 Go to the sign-in page

Open skulbase.com and choose Sign in.

2 Enter your details

Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 Forgot your password?

Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

 **Tip:** Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.3 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

My children

Your home page after signing in. Each child has a tab at the top; tap one to see their summary.

2.1 A child at a glance

The figures at the top show the child's average score for the current term, days absent in the last 30 days, the fee balance and, if they use it, the school bus.

My children: one tab per child.

- School bus: whether the bus is on the road, when it was last seen, and whether your child has boarded. You also see their route and stop with pick-up and drop-off times.
- Latest results: the newest marks the school has released, with grades.
- Fees: what is owed for each term. To pay online, sign in on your child's learner account and use their Fees page.
- Report cards: the average, position and teachers' comments from each report card.
- Attendance: every school day in the last 30 days.
- Coming up and Notices: exams, meetings and holidays from the school calendar, and announcements.

2.2 On your phone

The parent portal is built for phones. Save skulbase.com to your home screen to open it like an app.

The parent portal on a phone: one tab per child.

2.3 A child is missing

If a child does not appear, the school has not linked them to your phone number yet. Ask the school office to link your account to them under Parent accounts.

Without an account

Parents who do not use the portal still hear from the school by SMS, on the phone number the school has for them.

3.1 What you receive by SMS

Keep your phone number up to date with the school so these reach you.

- Results after an exam, when the school sends them.
- A text when your child is marked absent, if the class teacher sends absence notices.
- Fee balance reminders and important announcements, such as closing and opening dates.
- Printed report cards carry a QR code. Scan it with your phone camera to see the results the school approved, and check the card is genuine.

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

4.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
