

Staff guide

For non-teaching staff such as bursars, secretaries and support staff

How to activate your account, sign in and keep up with school announcements. Your administrator can give you more access if your job needs it.

Getting started

Your school administrator adds you as staff and gives you an invite code to activate your account.

1.1 Activate your account with an invite code

Teachers, staff and learners do not sign up on their own. Your school adds you, and you get a personal invite code (or a link that has the code in it) to set up your login.

Activate your account

Enter the invite code from your school to get started.

Invite code

A 7 X 3 K 9

6 letters and numbers from your school. You can also paste the link you were sent.

[Continue →](#)

No code yet? Ask your school administrator. They can send it to you as a link.

Already activated? [Sign in](#)

Setting up a new school? [Create an account](#)

Need help? [Read the user guides](#)

Activating an account: type the invite code from your school, or open the link they sent you.

- 1 Get your code**

Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.
- 2 Open the activation page**

Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.
- 3 Check it is you**

Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

4 Choose how you will sign in

Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

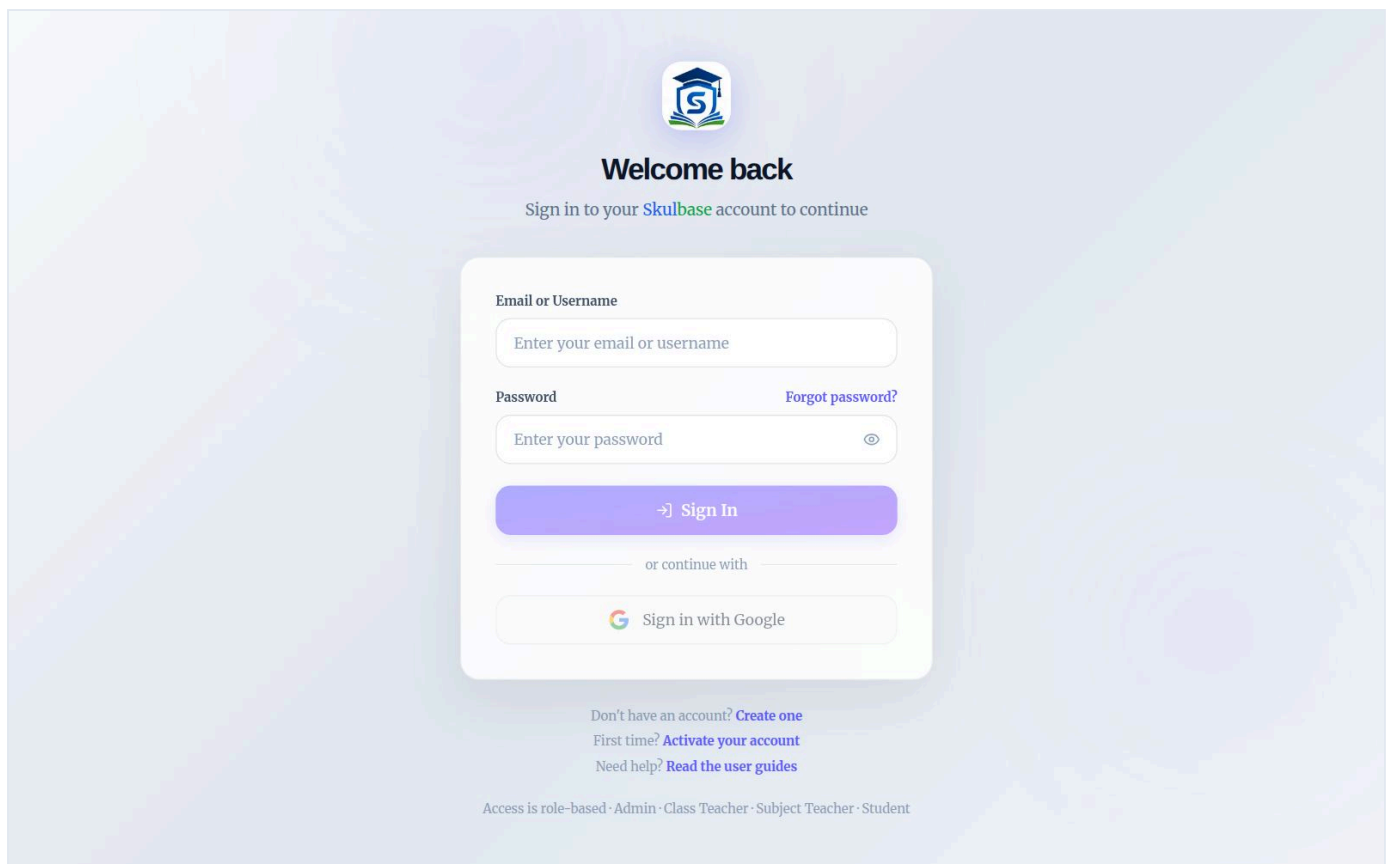

5 You are in

You are signed in straight away and land on the home page for your role.

Good to know: Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.2 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The image shows the Skulbase sign-in page. At the top is the Skulbase logo, a blue square with a white 'S' and a graduation cap. Below the logo is the text 'Welcome back' and 'Sign in to your Skulbase account to continue'. The main sign-in form has two input fields: 'Email or Username' and 'Password'. The 'Email or Username' field has a placeholder 'Enter your email or username'. The 'Password' field has a placeholder 'Enter your password' and a 'Forgot password?' link. Below the password field is a purple 'Sign In' button. Underneath the button is a link 'or continue with' followed by a 'Sign in with Google' button. At the bottom of the page, there are links for 'Don't have an account? Create one', 'First time? Activate your account', and 'Need help? Read the user guides'. At the very bottom, it says 'Access is role-based · Admin · Class Teacher · Subject Teacher · Student'.

The sign-in page. “Forgot password?” sends you a code by email.

1 Go to the sign-in page

Open skulbase.com and choose Sign in.

2 Enter your details

Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 Forgot your password?

Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

 **Tip:** Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.3 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

CHAPTER 2

Your dashboard and announcements

Staff accounts see the school's announcements.

2.1 Your dashboard

Your dashboard welcomes you with your job title and links to Announcements, where you can read and search every notice from the school. Posting announcements is done by administrators and teachers.

A staff member's dashboard.

- Your job title (for example Bursar) shows on your account.
- If your work needs access to fees, attendance or other pages, ask your administrator to change your role.

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

3.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
