

Learner and parent guide

For learners, and the parents and guardians who help them

How to activate your account, see your results and report cards, hand in homework, check attendance and pay fees. The last chapter is for parents and guardians.

8. Getting help

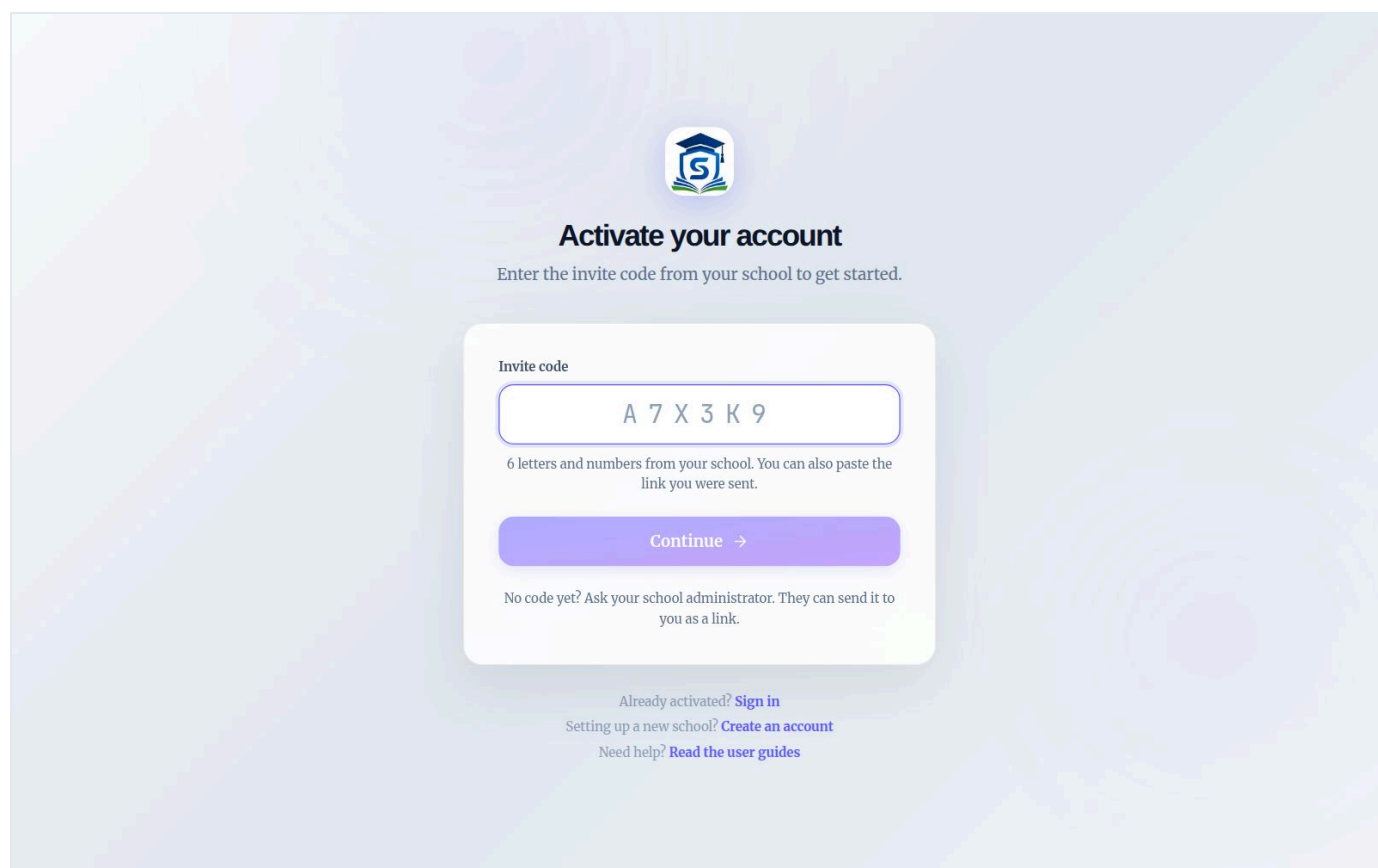

Where to get help

Getting started

Your school gives you an invite code. You use it once to set up your own login.

1.1 Activate your account with an invite code

Teachers, staff and learners do not sign up on their own. Your school adds you, and you get a personal invite code (or a link that has the code in it) to set up your login.

Activating an account: type the invite code from your school, or open the link they sent you.

1 Get your code

Your school administrator gives you a six-character invite code, for example A7X3K9, by SMS, WhatsApp, on paper, or as a link. The code only works for your account.

2 Open the activation page

Tap the link you were sent, or go to skulbase.com, choose Sign in and then “Activate your account”. If you opened a link, the code is already filled in.

3 Check it is you

Press Continue. Skulbase shows the name the school registered. If it is not you, choose “Not you?” and ask the school for the right code.

4 Choose how you will sign in

Pick a username (one is suggested for you) and a password of at least 8 characters, or continue with Google. Adding an email address lets you reset your password yourself later.

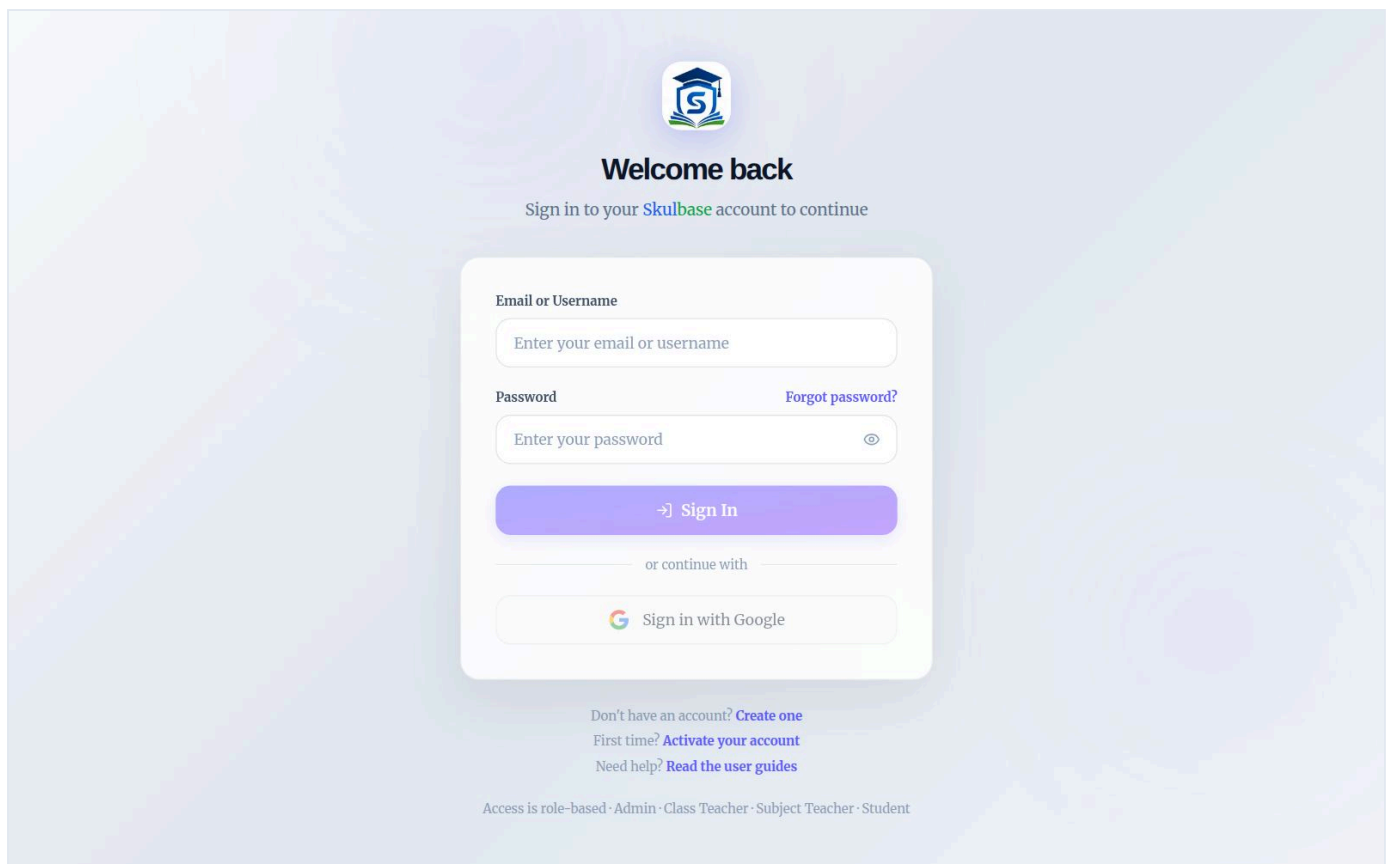

5 You are in

You are signed in straight away and land on the home page for your role.

Good to know: Each code can be used once. If yours says it has expired or was already used, ask your administrator to reset your account; they get a fresh code in seconds.

1.2 Sign in

Once your account is active, sign in with your email address or username and your password, or with Google if you activated with Google.

The image shows the Skulbase sign-in page. At the top is the Skulbase logo, a blue square with a white 'S' and a graduation cap. Below the logo is the text 'Welcome back' and 'Sign in to your Skulbase account to continue'. The main form has two input fields: 'Email or Username' and 'Password'. The 'Email or Username' field has a placeholder 'Enter your email or username'. The 'Password' field has a placeholder 'Enter your password' and a 'Forgot password?' link. Below the fields is a purple 'Sign In' button. Underneath the button is a link 'or continue with' followed by a 'Sign in with Google' button. At the bottom of the form are three links: 'Don't have an account? Create one', 'First time? Activate your account', and 'Need help? Read the user guides'. At the very bottom, it says 'Access is role-based · Admin · Class Teacher · Subject Teacher · Student'.

The sign-in page. “Forgot password?” sends you a code by email.

1 Go to the sign-in page

Open skulbase.com and choose Sign in.

2 Enter your details

Type your email address or username, then your password, and press Sign In. Or press “Sign in with Google”.

3 Forgot your password?

Choose “Forgot password?”, enter your email address, and type the six-digit code we email you along with a new password. This also works if you have only ever used Google, and afterwards both ways work.

 **Tip:** Save skulbase.com to your phone’s home screen. It opens like an app and remembers you are signed in.

1.3 Finding your way around

The menu only shows the pages your role can use. On a computer it runs down the left-hand side; on a phone the main pages sit in a bar along the bottom.

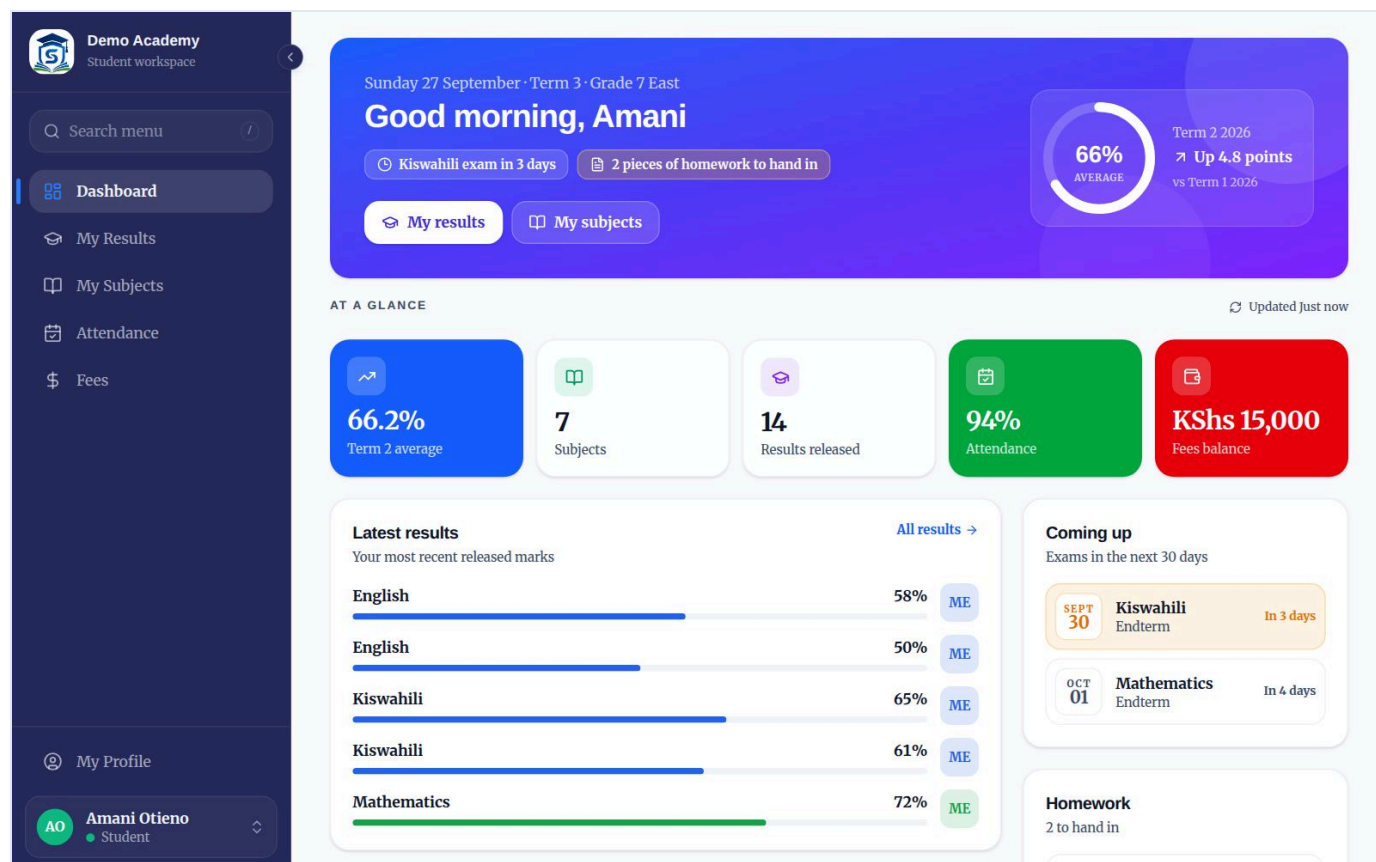

- On a computer, the arrow at the top of the menu makes it narrower (icons only) or wider (icons and names). Skulbase remembers your choice.
- Press the / key, or tap “Search menu”, to jump to any page by typing part of its name.
- Your name at the bottom of the menu opens your account menu: switch between light and dark appearance, or sign out.
- If you hold more than one role (for example an administrator who is also a class teacher), use “View as” in the account menu to switch views.
- On a phone, the bottom bar shows your four most-used pages. Everything else is under More.

Your dashboard

Your dashboard is everything that matters this week: exams coming up, homework to hand in, your latest results and school news.

2.1 Reading your dashboard

The top says what is coming up (your next exam and how much homework is due), and shows your average for the latest term and how it changed.

A learner's dashboard.

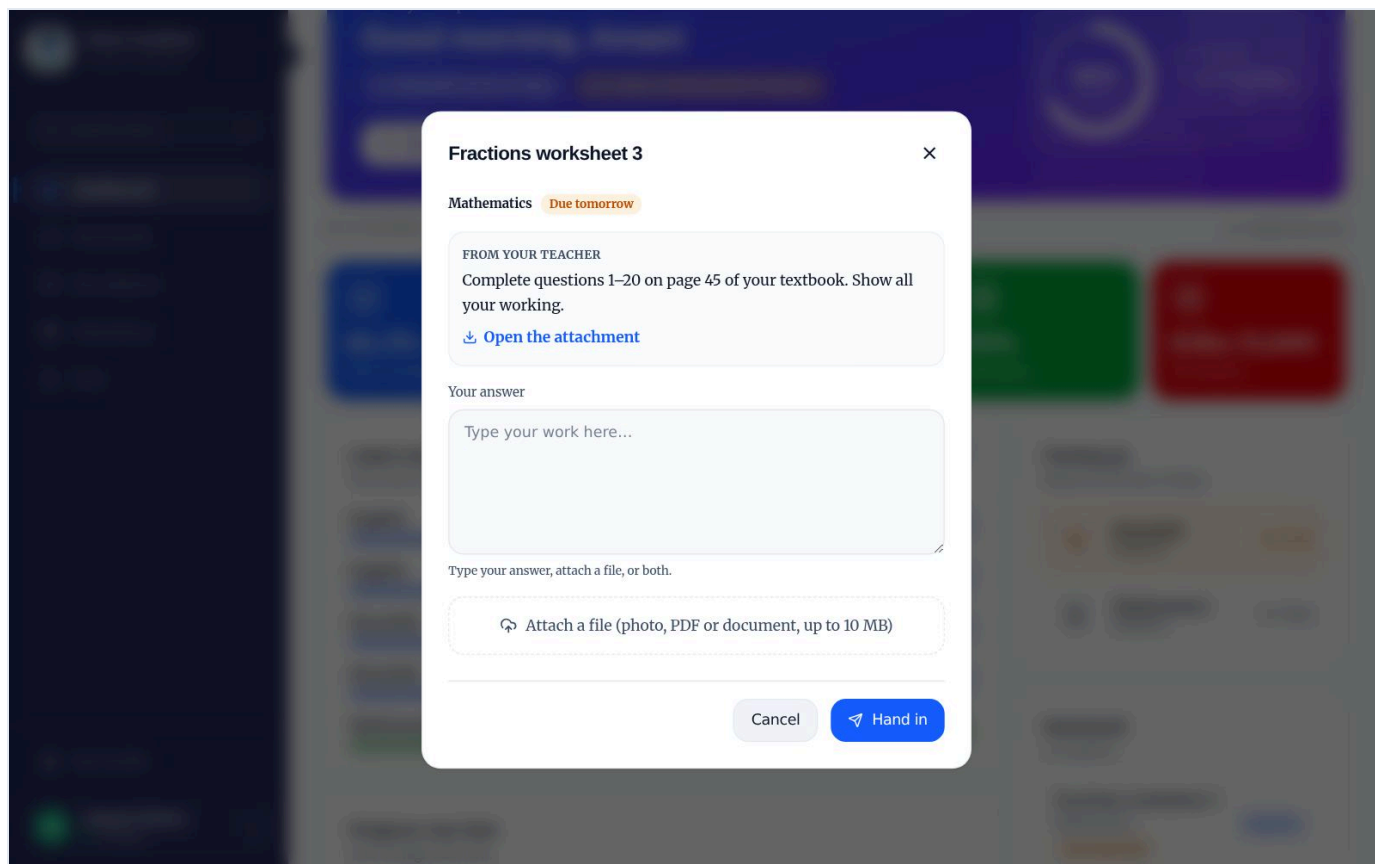

- At a glance: your average, number of subjects, results released, attendance rate and, if your school uses it, your fee balance. Tap any of them to open the page.
- Latest results shows your newest released marks. Progress over time charts your average each term against the pass mark.
- Coming up lists exams in the next 30 days. Announcements shows notices from school; important ones are marked in red.
- Study goals lets you set yourself targets, such as “Score 75% in Mathematics”, and tick them off.

Homework

Homework set by your teachers appears on your dashboard. You hand it in there too.

3.1 Hand in homework

The Homework list shows work still to hand in first, then late work, then work you have handed in and work your teacher has marked.

Tap a piece of homework to read the instructions and hand it in.

1 Open it

Tap the homework in the list. You see your teacher's instructions and any file they attached ("Open the attachment").

2 Do the work

Type your answer in the box, attach a file (a photo of your written work, a PDF or a document up to 10 MB), or both.

3 Hand in

Press "Hand in". It now shows "Handed in".

4 See your mark

When your teacher marks it, it shows "Marked" with your score. Open it to read their feedback.

- You can hand in again to replace your work until your teacher marks it.
- Late work can still be handed in; it shows “Was due” with the date.

CHAPTER 4

Results and subjects

You see marks once your teachers release them.

4.1 My results

The Exam marks tab lists every released mark by term and then by exam (for example Midterm, then CAT), with your score, percentage, grade and each exam's average.

My results
Your exam marks and official report cards.

Exam marks | Report cards

Year: All years | Term: All terms | Subject: All subjects

Term 3 - 2026

Mid-Term Exam 7 subjects - average 69%

SUBJECT	SCORE	%	GRADE	REMARKS
Creative Arts & Sports	65/100	65%	ME	—
English	58/100	58%	ME	—
Integrated Science	79/100	79%	EE	—
Kiswahili	65/100	65%	ME	—
Mathematics	72/100	72%	ME	—
Pre-Technical Studies	58/100	58%	ME	—
Social Studies	86/100	86%	EE	—

Continuous Assessment Test 7 subjects - average 65.9%

SUBJECT	SCORE	%	GRADE	REMARKS
---------	-------	---	-------	---------

My results: each exam in its own table.

- Filter by year, term or subject.
- Marks in green are at or above your school's pass mark; red ones are below it.
- The Report cards tab lists your official report cards. Open one to see its details and press "Download PDF".

4.2 My subjects

My Subjects lists the subjects you take. Open one to see how you have done in it each term and the homework set for it.

TOTAL BILLED
Ksh 90,000
2 terms on record

TOTAL PAID
Ksh 75,000
settled so far

Pay by bank transfer
Deposit or transfer into one of these accounts and keep the slip or reference. Your school records it once it clears.

Westlands

TERM	BILLED	PAID	BALANCE	DUE	STATUS
Term 3	Ksh 45,000	Ksh 30,000	Ksh 15,000	7 Oct 2026	Partial Pay
Term 2	Ksh 45,000	Ksh 45,000	Ksh 0	30 May 2026	Paid

Fees: the balance, how to pay, and payment history.

1 Pay with M-Pesa

If your school uses M-Pesa, press Pay, enter the phone number and amount (you can pay part of the balance), and enter your M-Pesa PIN when the prompt appears on that phone. The page updates when the payment is received.

2 Pay with Pesapal

If your school uses Pesapal, press Pay and finish on the Pesapal page that opens (card or mobile money). Come back to Skulbase; your balance updates automatically.

3 Pay by bank

Use the bank account shown on the page and keep your slip or reference. Your school records it when the money clears.

4 Receipts

Tap a term to see its payments and open a receipt.

5.3 My profile

Your details as the school holds them: admission number, class, date of birth and guardian. You can update your own phone number; for anything else, ask your school.

For parents and guardians

Parents do not need an account. Skulbase reaches you by SMS on the phone number the school has for you.

6.1 What parents receive

Keep your phone number up to date with the school so these reach you.

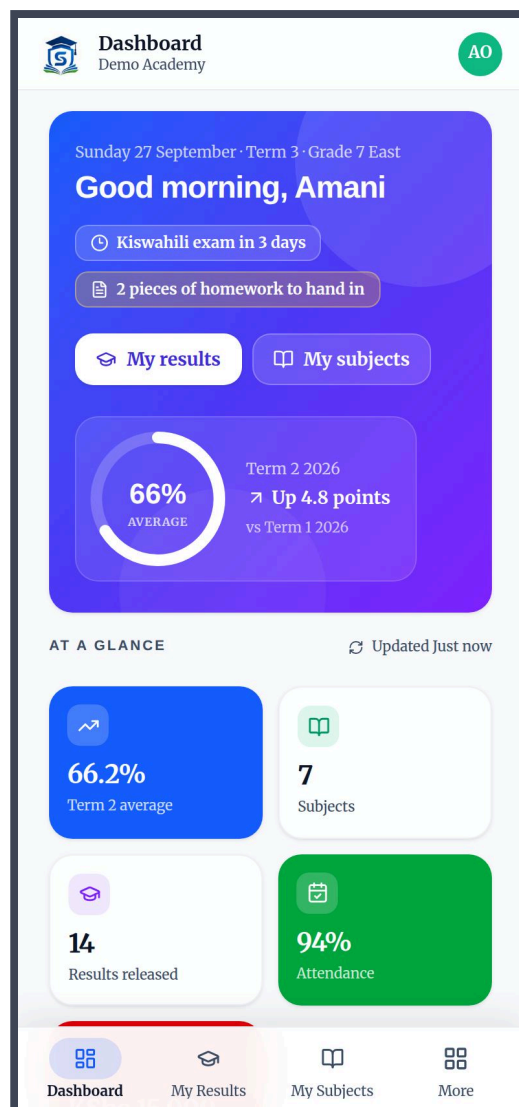

- Results by SMS when the school sends them after an exam.
- A text if your child is marked absent, when the class teacher sends absence notices.
- Important announcements, such as closing and opening dates.
- Printed report cards carry a QR code. Scan it with your phone camera to open a page that shows the results the school approved, so you can check the card is genuine.
- To see everything (every term's results, homework, attendance and fees), sign in with your child on their learner account.

On your phone

Skulbase works on any smartphone.

7.1 Using Skulbase on a phone

Every page works on a phone. Tables turn into cards, and the menu moves to the bottom of the screen.

The learner dashboard on a phone. The bottom bar holds Dashboard, My Results and My Subjects; everything else is under More.

- Use a current version of Chrome, Safari or Samsung Internet.
- Mark entry keeps your work on the phone if the network drops, and saves it when you are back online.
- Downloads such as report cards open in your phone's PDF viewer, ready to share on WhatsApp or print.

Getting help

Most questions are answered on the page itself: many pages have a “How to” panel at the bottom. For anything else, these are the places to go.

8.1 Where to get help

This guide is always available from Help in the menu, and as a PDF you can download and print.

- Your school administrator can add or reset accounts, fix classes and subjects, and change school settings.
- For problems with Skulbase itself, use the contact page at skulbase.com/contact, or call 0740 129 444.
- When you report a problem, say which page you were on, what you pressed and what you expected. A screenshot helps.
